

Turned Upside Down

Is your home in this condition?—many are and house-cleaning does it. Cold meals and no comfort, sour tempers and aching backs, hard work and too much of it, tired women and "mad" men—all from house-cleaning. And it's all needless. Don't make such a fuss over it. Take a little Pearlina, and have it done easily, quickly and quietly. You'll have it done better, too—you won't have to rub the paint off to get the dirt off. You can save half your labor and half your time, if you'll clean house with Pearlina—and everybody in the house will be thankful for it. Millions use nothing but Pearlina for washing and cleaning.

COOPER EXTENDED

For Resolutions in Honor of Their Dead Secretary.

At a called meeting of the general committee for the extended, held on the evening of July 22nd, 1936, at the Congregational church, Gomer, Ohio, the following preamble and resolutions in relation to the death of Thomas W. Williams (his late secretary) were unanimously passed by a rising vote:

Resolved, That on the 15th day of July, 1936, Thomas W. Williams, late recording secretary of the general committee for the extended, died at his home, Gomer, Ohio, at the age of 30 years, 10 months and 15 days, after a long and painful illness.

Resolved, That our committee has been called together by the president at this time for the purpose of voicing the sentiments and feelings of the committee on the sad occurrence; be it therefore

Resolved, That in the late Thomas W. Williams we have lost a fellow co-laborer who was ever ready and zealous in the discharge of every duty imposed upon him; genial in his demeanor, of great force of character, and attractive in all his relations; that we testify to his Christian character and to the sweet influence he exercised among his associates.

Resolved, That we sympathize with deep sorrow with his bereaved relatives and his two orphaned infants, at the sudden snatching of the ties which bound her and her late husband together; and at the irreparable loss they have sustained by his untimely death; and we also sympathize with the aged mother of the deceased, and his sister and all the brothers and relatives—who will mourn his taking away most poignantly, and we urge that they be comforted by the promise of his resurrection.

Resolved, That a copy of these resolutions be presented to the family of the deceased, and to the "Y" Branch, and "Y" Admitts, and county papers for publication; and that the committee be authorized to take such other action as may seem wise.

JOHN DAVIS, Cor. Secretary.
R. E. JONES, President.

WILL OPEN TO-MORROW.

The Kenton Club to Arrive in Lima To-night.

The Kenton baseball club, which is to be transferred to this city, will arrive to-night. Manager Zender was in the city last evening arranging for the arrival of the club, who play the Cygnets to-morrow and Saturday. The Cygnets are a strong team and have defeated Findlay as many times as they have been defeated, and as Kenton was the next strongest team in the league, splendid games are expected. Some additions and improvements are being made on the ball grounds, and Manager Zender gives his word that there will be none but good games.

SONS OF REST DEFEATED.

The Sons of Rest met defeat at the hands of the High School boys at Faurot's park yesterday. The three hundred spectators present were treated to a closely contested game from beginning to end. Geo. Faurot and Seals were the battery for the High School nine and Underwood and Bachman for the S. O. R. During the game many sensational plays were made, especially a large number of double plays. The S. O. R. have met and defeated all local organizations except the High School team, and the club will be strengthened and play another game with them in the near future.

S. O. R. 1 0 0 0 0 1 0 0 0 2
High School 2 1 0 1 0 0 3 0 0 8
Base hits—S. O. R. 5; High school 5. Errors—S. O. R. 6; High school 5. Earned runs—High school 4. Two base hits—Mowery, Faurot. Three base hit—P. Seals. Base on balls—Faurot 2; of Underwood 3. Struck out—by Faurot 6; by Underwood 4. Double plays—Heffner to Becker to Spratt; Spratt to Becker; Hickey to Becker.

NOTES.

High School plays the St. Marys team to-day at St. Marys.

Pastorius and Ferral left for Oil City and will play ball with that team.

Aleck Frankel umpired the game yesterday. A squarer umpire was never seen on the home grounds.

The Cleveland club stands an excellent chance of winning the pennant. It is wonderful how they play ball in such a chilly town. The attendance on some days is 600 or 700.

Was An Error in It.

Henry Jettinghoff, of Delphos, was arrested by constable Miller, late yesterday afternoon, upon a warrant issued in 'Squire Atmur's' court, charging him with unlawfully keeping a red bird in his possession, the affidavit being signed by the game warden.

Mr. Jettinghoff pleaded not guilty to the charge, and the case was given a hearing, out dismissed upon an error in the affidavit.

DEADLY FLUID

Transmitted to a Horse by a Broken Telephone Wire.

The Animal Belonged to DeVos Bros. and Was Killed on South Main Street this Morning.

About 10 o'clock this morning a horse owned by DeVos Bros., the South Side grocers, was instantly killed by electricity, on Main, just south of Spring street.

The horse was hitched to a delivery wagon and was being driven by Gary Fellows, son of Engineer John Fellows, of the L. E. & W. The Lima Electric Light company's men were putting up a new line on Main street and a rope attached to the end of the new line had been thrown over a Lima Telephone company wire, which crossed Main street from a pole in front of Hall's grocery to a pole at Atkinson & Lusk's fruit store. Rob Hughes was pulling the rope and was told to give it a strong pull by one of the linemen. He gave it a jerk and a shock caught on the telephone wire, which snapped in two, and one piece fell across the street car trolley wire and the end dropped down and curled up around the neck of the horse, which happened to be passing directly beneath the wire when it fell. The animal staggered to one side of the street and then fell dead, being electrocuted. In falling the horse broke the wagon shafts and caused the wagon to stop so suddenly that both the Fellows boy and Burr Rickman, who was with him, were thrown from the seat into the street.

Both boys were badly frightened at their narrow escape and fortunately neither was injured. DeVos Bros. valued the horse at \$75. The dead body was removed to the garbage grounds and buried.

QUINT WEDDING

Was That of Mr. L. E. Price and Miss Gertrude Davis, Last Evening.

The marriage of Mr. L. E. Price and Miss Gertrude Davis occurred at the home of her parents, Mr. and Mrs. Henry Davis, on south West street, last evening at 8:30 o'clock. Rev. R. J. Thompson, pastor of the West Market Street Presbyterian church, officiating. The relatives and a few intimate friends were all who were present, and after a supper the guests took their departure and the newly-wedded couple repaired to a home on west North street, which was all in readiness for housekeeping.

DIDN'T RESIST.

Wm. Burden Takes a Thumping From an Infuriated Husband.

About 8 o'clock last night Wm. Burden, a well known back driver, was assaulted and badly injured by Lee Barber, a young man in the employ of the Lima Telephone company. Burden is alleged to have been paying more attention to Barber's wife than that young man thought proper, and, upon meeting Burden in front of his house on north Tanner street, he attacked him with a pair of putty knives. He beat Burden over the head, inflicting several bad cuts in the latter's scalp. He latter did not offer to fight with Barber but escaped as soon as possible and had a physician dress his wounds. The police learned of the affair and tried to get Burden to sign an affidavit charging Barber with assault and battery but he refused to do so. A warrant has been issued, however, charging Barber with disorderly conduct and fighting, but the police have so far been unable to locate their man.

John Morin and A. W. Mercer, both colored, got into a heated argument at the corner of High and Main streets, late yesterday afternoon, and finally began to fight. They were interrupted by Chief Haller, who took them to the police station, where they furnished bail and were released.

They appeared before the mayor this morning and pleaded guilty to charges of fighting and were fined \$5.00. They secured the amount and were released.

GOOD WELL AT BLUFFTON.

The Ohio Oil company has completed another good well at the Bodcher farm, near Bluffton. The sand was reached yesterday and the well made two flows over the derrick last evening. The well is No. 3, the others being good producers.

The new well has created much excitement in that neighborhood, but as the Standard has gobbled up all the territory in that section, excitement will be all that any one else will get out of the strike.

NOTES.

The Faurot well on West Elm street pumped sixteen inches or about 60 barrels the first 11 hours.

A well belonging to the Ohio Oil Company, in the Holmes addition, was shot yesterday afternoon and made a good showing.

STOLE A WHEEL.

Bert Driscoll, Wanted in Michigan, Arrested.

In this City this Morning—Dispossession of a Wheel Belonging to Hoover Bros.

Special policeman Ed Titus this morning arrested Bert Driscoll, a young man wanted at Morenci, Mich., for stealing a bicycle.

Driscoll, who lives in Bryan, came to this city a few months ago and purchased a bicycle from Hoover Bros. He did not pay cash for the bike, and Hoover Bros took a chattel mortgage on it for security. A few weeks ago Driscoll left for Morenci, Michigan, and took the wheel with him, and when Frank Plalce, who is employed by Hoover Bros., went to Detroit to compete in the 25-mile road race he continued, after the race, to Morenci, and finding Driscoll persuaded him to ride back with him as far as Bryan, for company. Plalce's object was to get the young man and the bike back into this State so that Hoover Bros would have a chance to recover possession of the wheel in case Driscoll failed to settle. The latter, however, had traded the Hoover wheel for another and had sold the one for which he traded. In order to favor Plalce he borrowed a bicycle of a young man in Southfield & Son's store at Morenci, and failed to return it when he returned. Upon arriving at Bryan Plalce persuaded Driscoll to come on to this city and he was traced here by Marshal Stevenson, of Morenci, who arrived in this city this morning.

Marshal Stevenson found the bicycle which Driscoll had got to Morenci at Hoover Bros' store, and taking charge of it, he left over the C. & D. at 1:35 o'clock this afternoon with both the prisoner and the bicycle.

FORMER LIMA MAN

Came to Chicago to Give Evidence Against Holmes.

Joseph Owens, Now Living Near Bluffton, was Employed by Holmes Several Years Ago.

Joseph Owens, who lives a few miles south of Bluffton, was in the city yesterday on his way to Chicago to give evidence in the case of the insurance Holmes, whose atrocious crimes have startled the world.

Owens formerly lived in this city and was employed by Holmes in 1903. In May of that year Owens hired out to Holmes, through Fietzel, and did work out the building in Chicago in which the dead bodies have since been found. Owens left for Chicago voluntarily when he learned the authorities wanted his evidence.

Owens states that the building in which Holmes lived was peculiarly constructed and there were many mysterious places in it in which he could never get. He was acquainted with the Fietzel family and the children whose bodies were found in a Toronto cellar last week.

Owens states that Holmes approached him several times about having his life insured, but Owens put him off, saying he would think about it.

Owens also recalls that upon the occasion the mysterious trunk whose contents have caused so much conjecture was brought into the house at Sixty-third and Wallace streets Fietzel was supporting one end and Holmes the other. The burden was too much for the two men, and Owens seized the trunk and helped them to carry it to the door of Holmes' office on the third floor. Fietzel had entered that office, but Owens had not. Owens said he could not tell that it was a sacred sanctum, not only because it was always securely locked and bolted, but because the few efforts he had made to investigate its interior had been discouraged by Holmes. Fietzel, Owens states, was closer to Holmes than any of the others in his employ.

After Fietzel was arrested at Terre Haute, Owens carried messages and money from Holmes to the family to aid in their support but did not then know that Holmes had the children's lives insured. Owens helped construct the vault and lined it with asbestos. He thought it was singular, and when he discovered a secret stairway in the center of the building he thought it still more singular. Owens cleaned out the cellar once while he was there. It was rough and uneven.

"Did you ever see anything that suggested that Holmes was engaged in crime?"

"Well, there was one thing that I considered singular. It was late in the fall of 1903, after I had left his employ. One day while I was in the drug store a man came and asked for Holmes. I went up stairs to find him. He was in his office. As I approached the room through the narrow dark hall I thought the atmosphere was hot and suffocating and there was an odor of something burning that was as strange to my nostrils as it was offensive. It smelled like a combination of clothes and flesh. I tapped on the door of the office Holmes opened it just enough to show his face. A wave of heat more stifling than that I had encountered in the hall came through the opening and with it the odor I had at first noticed in threefold force and sickening intensity. Holmes' face was ghastly white, but there was an angry glitter in his eye that made me tremble.

"I stammered my message and he banged the door shut without a word of reply, but not before I got a peep into the room and saw that the stove that is now up there was red hot."

Owens said he could not say what Holmes was burning.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. C. Gregory, Fredricktown, Mo. This remedy is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cure it has effected.
